8.2 Taking Images/Videos of Children

No images or videos of children should be uploaded onto any electronic device or website by any person without the consent of the parent/caregiver if the child is less than 18 years.

If Swimming Waikato or its Member Clubs use an image of a child, they will not display personal information such as residential address, email address or telephone numbers without gaining consent from the parent/guardian. They will not display any information about hobbies, likes/dislikes, school, etc as this information can be used as grooming tools by paedophiles or other persons. They will only use appropriate images/videos of a child relevant to our sport and ensure that the child is suitably clothed in a manner that promotes the sport, displays its successes, etc. where possible they will seek permission to use these images.

Official Photographers/video operators –

Official event photographers wishing to take either photographs or video at Swimming Waikato events must seek accreditation and produce their professional identification for their details to be recorded.

Official event photographers wishing to take either photographs or video at regional swimming events must seek accreditation with the Region and produce their professional identification for their details to be recorded.

Ideally this should be requested at least five working days before an event. Parental consent must still be given for use of images for promotional purposes and these images/video must be stored securely.
