Monitoring Compliance with this policy:	The Board is responsible for monitoring compliance with this Policy. Any queries about this policy should be directed to the Board Finance Portfolio Holder in the first instance.

1. PREFACE

The Board of Swimming Waikato is responsible for all aspects of the operation of the organisation. To allow the organisation to function effectively and efficiently on a day-to-day basis, the Board has delegated to the Chief Executive the authority to spend money and to carry out certain other tasks and functions within prescribed limits. Those delegations (sometimes referred to as “standing delegations”) are set out in this Policy.

2. STRUCTURE

Section 3 of this Policy sets out the principles that apply to the interpretation and application of the Financial Delegations and Non-financial Delegations in this Policy.

The Financial Delegations are in Section 4. These are “quantitative” delegations under which the Chief Executive’s authority is defined by reference to the monetary value of the relevant transaction or other matter (or may be unlimited).

The Non-financial Delegations are in Section 5. These are “qualitative” delegations under which the Chief Executive has delegated authority to approve (or not) certain types of transaction or other matter regardless of its value.

The Financial Delegations and Non-financial Delegations are referred to collectively as the Delegations.

3. PRINCIPLES

3.1 Scope and interpretation of the Delegations

- The Delegations contain the maximum authorisation levels for the transactions and other matters covered by them. Depending on the circumstances in which a matter arises it may be prudent for personnel to seek a higher level of authorisation. Likewise, it may be prudent for personnel to seek a higher level of authorisation for a matter not explicitly covered by the Delegations. Personnel must exercise their judgement about whether it is appropriate in all the circumstances to go above and beyond the Delegations in seeking authority for a transaction or other matter. In exercising their judgement personnel should have particular regard to the potential reputational consequences of the transaction or other matter for Swimming Waikato.
- The Delegations includes the authority to sign any document and do any other thing necessary or desirable to give effect to the delegated authority.
- In applying the Delegations a series of related transactions to which Swimming Waikato becomes committed at the same time must be treated as a single transaction. For example, a contract to buy three computers over three years is a single transaction, not three separate transactions.
- Transactions must be approved in accordance with all applicable Financial Delegations and Non-financial Delegations.

3.2 Limitations on the Delegations

- The Board of Swimming Waikato may make its own delegations of authority provided they are consistent with the Delegations.
- Expenditure in the form of personal expenses (e.g. accommodation, meals, and travel) is governed by the Discretionary Expenditure, Gifts and Travel Policy.

3.3 Sub-delegation

- The Delegations may not be sub-delegated.

3.4 Legal advice

- Subject to any express requirement in the Delegations, personnel must exercise their judgement about whether to seek legal advice on a contract before executing it for Swimming Waikato. In exercising their judgement personnel must consider the face value and nature of the contract, including the risk it represents to Swimming Waikato.

3.5 Compliance

- All employees are responsible for ensuring the Delegations and any sub-delegations under them are not exceeded. An employee's breach of delegated authority may be serious misconduct and result in disciplinary action.
- As well as having sufficient delegated authority to authorise a transaction, personnel must comply with all relevant Policies when they commit Swimming Waikato to the transaction. This includes the Code of Conduct Policy.
- In the first instance, personnel should contact the Board Finance Portfolio Holder if they are in any doubt as to the correct application of the Delegations.

3.6 Financial Delegations principles

- All authority above the Chief Executive's delegation limits in the Financial Delegations is the responsibility of the Swimming Waikato Board. This includes authorising expenditure outside the business plan total for the relevant area of responsibility.
- All delegation limits in the Financial Delegations are exclusive of GST and relate to the face value of the relevant transaction or project (in nominal dollars).
- Transactions and projects must not be arbitrarily segmented in order to stay below the delegation limits in the Financial Delegations.

3.7 Non-financial Delegations principles

- All authority in the Non-financial Delegations may be exercised by any Management level above the recorded delegation level. For example, all authority delegated to the Chief Executive may be exercised by the Swimming Waikato Board (but is not required to be).

The Chief Executive may delegate Financial Delegations within his/her control to the General Manager.

4. FINANCIAL DELEGATIONS
